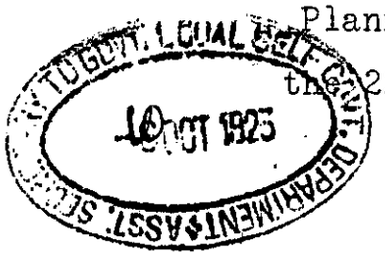
DATED 3. 11. 1923

[Despatch Abstract.]

Education – Hospet municipal T. Council change of site - municipal girls school – use of present site for a market - Chairman's report Recorded

b

Copy of letter from the Director of Town Planning, Chepauk, Madras, No.382/D.T.P., dated the 22nd September 1923 re town Planning scheme in Hosur Municipality.



** ** **

7. There is one small matter on which Town Planning has a direct bearing which should be referred to. The Municipal Girls' School occupies a triangular island site with about 1200 feet of frontage to the Main Bazaar and Trunk Roads at the traffic centre of the town. This appears to me to be a particularly bad and uneconomical site for a school (particularly for girls as even now it is proposed to spend money on the compound walls to make it less climable).

1297

8. Some other site should be secured and used or reserved for the school and the existing site used as a market or disposed of for shop sites or better still a market in the centre with shops facing the roads externally and the market internally. Shops in the main bazaar, just to the South of the site are let for Rs.20/- a month. It would seem as though the plot could be put to a much more economical use than that of a girls' school for which it is obviously unsuited and the matter would I think be worth looking into from the financial side as it might prove to be a scheme which could be satisfactorily financed by means of a loan and produce some income to the Municipality.

Department.

Sir,

As required by Government in their memorandum No.24297-1- L. & M. dated 16-10-23 I have the honour to state as follows:-

On receipt of a copy of the Director's letter therein referred to I addressed him a letter C.R.No.351 dated 4-10-23 a copy of which is herewith submitted.I send also a copy of the Director's letter No. 425/D.T.P dated 16-10-23 received in reply,which sets at rest the --- question of moving the Girls' school to a different place and using the site on which it stands for market stalls.

Copy of letter No.425/D.T.P dated 16-10-23 from the Director of Town planning Madras, addressed to the Chairman Municipal Council Hospet, in reply to his letter No.351/23 dated 4-10-23.

I note that the building in which the girls school is housed belongs to Government and is handed over to the Municipality for Educational purposes and the council is therefore prohibited from using it ~~ar~~ for other purposes. I also note that in your opinion a market is not an urgent necessity nor would stalls likely to be let to advantage. The proposal would therefore appear to be impracti-cable at present and in ~~my~~ any case a decision on the question would rest with Government and not the Council.

I fear that I am hardly in a position to express an opinion on the adequacy of the suggested method of preventing boys from trespassing on and over the compound wall. I can understand that you do not want to increase the height of the wall and also that the scotch coping will prevent boys running along the wall but beyond this I should not like to express an opinion.

I have Etc.

20/10.

Copy of letter No. C.R.351/23 dated 4-10-23 from the Chairman Municipal Council Hospet addressed to the Director of Town Planning Madras.

Referring to para 7 of your letter to Government No. 382/D TP dated 22nd September 1923 I have the Honour to state that the build-ing in which the Girls school is housed belongs to Government and has been handed over to the Municipality on the conditions set forth in the following para of G.O.No.1132 dated 23-9-22

> " 2. The furniture the library and the buildings if any, constructed by Government will be placed at the disposal of the local bodies concerned, on condition that the local bodies keep the buildings in good repair and restore them together with the furniture and library to Government should they cease to be employed for purposes of General Education."

The Council cannot make a different use of the building or its site. It is centrally situated and is most useful for the girls of the town. I cannot think of a better site. In part there is none. A market for daily use is not an urgent necessity. It is not wanted. The town has yet to grow for it. There will be no demand for any stalls we may build. The Council has no power to prohibit shop-keepers from selling at their own places. The population of the town is about 19,000. It is not a trade centre.

Boys keep running over the compound wall and get inside and commit mischief. I do not want to improve its height but propose to provide it with scotch coping in fixing stones on these ends. That will prevent boys from running over and getting inside. I request that you will be good enough to favour me with your views on the subject.

Madras.

To The Secretary to the Government of Madras,

Local Self Government Department.

Fort St. George.

Sir,

With reference to paragraph 2 of G.O.No.1723 P.H., dated 17th October 1923, I have the honour to forward herewith a copy of letter No.351/23, dated 4th October 1923 received from the Chairman, Municipal Council, Hospet.

2. The facts stated do not affect my opinion as to the unsuitability of the site for a Girls School, although it is possible that its value for commercial purposes may not be as high as I may have implied.

3. As will be seen from the Chairman's letter the Council anticipates having to incur expense in protecting the school from trespass by boys. As the site is surrounded by roads and the compound wall is of considerable length the addition of even a coping may be a matter of considerable expense.

I have the honour to be,
Sir,
Your most obedient servant,

R T Davies
